

From Stair Edge Profiles to GRP Grating to non slip Mats, we have a non slip product to suit most applications.

These products are quickly and easily installed to existing hazardous surfaces to greatly reduce the risk of personnel slipping and causing injury.

Slip Grip

Non slip Fibreglass Sheetting and Step Covers, **transform slippery steps and walkways.**

Long life, non slip gritted surface.

Will not corrode or peel.

Easily fixed in position.

Step Covers

Moulded fibreglass Step Covers with highly visible **yellow or white** nosing and non slip gritted finish.

Can be fixed to metal, timber or concrete steps.

Depth: up to 345mm

Nosing: 55mm

Length: up to 3.0m – can be supplied cut to size.

Size

750 x 345 x 40mm

1000 x 345 x 40mm

1500 x 345 x 40mm

3020 x 345 x 40mm

Slipgrip Landing / Flat Panels

Can be supplied cut to size up to 2400w(with or without nosing) x 1200mm.

Ideal for hazardous walkways and ramps.

Colours: Black, with Yellow or White Nose.

Size

800 x 1200 x 40mm

1200 x 1200 x 40mm

2400 x 1200 x 40mm

600 x 600 Tile(Black pre drilled)

Edgegrip

Highly visible Stair nosing with non slip gritted surface.

Designed to highlight changes in elevation and step edges.

Conforms to new Building Regulations and The Disability Discrimination Act.

Feathered edge to eliminate trip hazard.

Option of Internal and External(course) Grit finish.

2 Sizes: 30 x 70mm, 55 x 55mm.

Lengths: 750mm, 1000mm, 1500mm, 3000mm.

70 x 30mm (3mm thick yellow)

55 x 55mm (3mm thick yellow)

EdgeGrip Glow

.EdgeGrip Glow is constructed using photoluminescent resins. These resins omit a photoluminescent glow, in dark or dim light conditions. EdgeGrip Glow is ideal for dark stairways or if there is a power failure on stairways. .

The surfaces are charged by normal illumination e.g. daylight or fluorescent light and omit a glow as soon as the natural light source is interrupted i.e. power failure, smoke obstruction or similar, providing excellent stair safety in emergency situations. During daylight hours EdgeGrip Glow still provides the normal contrasting coloured nosing.

EdgeGrip Glow is available with the less coarse internal grit finish.

70 x 30mm

Deck Strip

Pre cut & drilled Strips of flat Slipgrip panels which are screw fixed directly to wooden deck planks to create a non slip surface.

Supplied predrilled with screws. Colours: Black, Yellow, or Stone.

50mm wide x 2400 long

90mm wide x 2400 long

120mm wide x 2400 long

Rung Grip

FibreGrid's fibreglass ladder rung cover, RungGrip™ is a **slip resistant ladder rung cover that will reduce the risk of slips from ladders** and improve ladder safety by increasing the surface area for foot contact and greatly increasing the friction co-efficiency and visibility. Severe weather, spillages and even immersion in viscous or corrosive fluids will not adversely affect the performance of RungGrip™ or it's ladder safety life span.

These unique fibreglass slip resistant ladder rung covers are formed to fit over the rungs of fire escapes, service ladders and the majority of all other types of ladders.

2 Sizes: To fit Rungs: 25mm x 25mm, 36 x 36mm.

1200mm long

GRP Open Mesh Grating

GRP Open Mesh Grating available in a wide range of panel sizes, thicknesses and mesh patterns. Lightweight, Corrosion resistant, non slip and flame retardant.

Square mesh open size 30 x 30mm. Bar thickness: 6-7mm
